To our valued clients

Re: Lunch cost at Global Training Centre

Effective January 25, 2023 we have had to increase our meal pricing for lunches at Global Training Centre. We have been faced with a substantial increase from our provider of our lunches due to current economic conditions. Unfortunately it leaves us with no option but to increase our rates and pass this increase to our end user.

The new price our meals are \$22.00 per person.

We understand that this is a significant increase however it seems like commodities like this are rapidly increasing in cost these days.

Thank you,

Bas Owel, B.A.
